DETAILED ACTION

Allowable Subject Matter

1. **Claims 1-35** are allowed.

The following is a statement of reasons for allowance:

As for independent claims 1, 13 and 24, they recite a voice activity detection method and system and a communication system. Prior art such as Feltstrom and Michaelis discloses a similar system, but does not specifically teach the claim language in combination with generating a voice activity detection threshold based at least in part on sidetone attenuation.

Dependent claims 2-12, 14-23 and 25-35 are allowed because they further limit their parent claims.

Conclusion

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to JAKIEDA R. JACKSON whose telephone number is (571)272-7619. The examiner can normally be reached on Monday-Friday from 5:30am-2:00pm.
